Great, thanks Mark. Just invited you to a call at 3 to coordinate our presentation. We have a powerpoint covering the ELIS SEIS and LIS DMMP, but for the LISS issues at last week's congressional staff briefing in DC we just talked off the attached annotated briefing agenda and the briefing paper you and Leah prepared. We've updated both the basic agenda, the annotated agenda, and our powerpoint for tomorrow, all of which are attached here. Rudy has already sent the briefing papers we used at last week's briefing to the CT district staff.

I'm available to cover the LISS CCMP and nitrogen strategy. Just let me know.

Mark

Just to confirm with everyone, are we briefing just CT congressional district staff, or NY district staff also? And is Mark available to cover the LISS CCMP and nitrogen reduction strategy?

Hello Mel and Rudy,

This email is a draft email to send to your congressionals.

I know that Mel would like to send it out tomorrow (I will not be available until after 2pm).

Rudy & Mel please discuss and agree on the structure/edits.

If you all agree, please forward this information to your Congressional contacts for our meeting on Thursday, August 6, from 2:00 – 3:30pm.

Mel did send out a message to the Corps and I have confirmed that Meghan Quinn and Mike Keegan will be available. Mike will provide a brief update on the LIS DMMP.
